A200 - Chaos Puck Protection and Shots - Pro

Key Points:

Protect the puck with the legs and body. Make fakes and hard cuts to warm-up. Take long shots if it is the start of practice. Hit the net.

Description:

- 1. Three players skate into the neutral zone with a puck from each end.
- 2. Handle the puck and try to knock the puck off other players stick.
- 3. On whistle closest player to each net skate in and take a shot.
- 4. Coach pass to any player who lost the puck.
- * This can also be an overspeed drill going as hard as you can.
- * Add shooter rebound or screen after taking a shot, exchange passes with next shooter.
